## PROFESSIONAL SUMMARY

Full-stack Senior Engineer specializing in AI-first systems and product modernization. 5 years shipping production code across React/TypeScript frontend and Python/Spring Boot backend at Acko and Dell. Recent focus on AI integration (Admissibility AI Agent for claims classification, Acko Global Care LLM pipeline) combined with strong distributed systems thinking (RSA/PUD microservices, BFF pattern). Expert in translating product requirements into scalable architecture. Seeking full-stack senior role where AI modernization is core to product roadmap.

## CORE COMPETENCIES

React

TypeScript

Python

Go (learnable)

Spring Boot

REST APIs

Microservices

Distributed Systems

Gen AI / LLMs

Prompt Engineering

AWS

Docker

Kubernetes

Datadog

Kafka (basic)

## WORK EXPERIENCE

**Acko General Insurance**

Jan 2025 - Present

**Software Development Engineer 2 · Full-Stack & AI-Enabled**

Bengaluru

- RSA Platform (React SDUI):** Admissibility AI Agent - ML classification, claims decisioning, audit trails
- Admissibility AI Agent:** ML-based claims classification (admissible/fraud/doc-deficient); integrated AI recommendations with handler override tracking for continuous model improvement
- Cross-team Leadership:** Mentored junior engineers on API contracts and production patterns; established shared SDUI primitives (node-based navigation, data-enricher patterns) adopted across RSA/PUD

**Dell Technologies**

Feb 2023 - Jan 2025

**Software Engineer 2 (Promoted from SDE1)**

Bengaluru

- Unified Cost Management Dashboard:** Angular + Spring Boot architecture, Layer-7 auth, \$65M ROI in FY, 50% approval-efficiency improvement, deployed on PCF
- Security & DevOps Leadership:** Improved test coverage from 60% → 97%+; led PCF vulnerability remediation (60-70% completion)

## PROJECTS & ACHIEVEMENTS

**Acko Global Care - AI Medical Tourism Platform** 2025

End-to-end LLM pipeline: medical report analysis → hospital & specialist recommendation → cost estimation → doctor ranking. Built during Ackathon 2024 (4th place).

**Dell TIDE Hack2Evolve - Gen AI Patent** Authorised

Gen AI system for code reusability and sustainability in enterprise environments.

## EDUCATION

**B.Tech - Computer Science**

2017-2021

Sikkim Manipal Institute of Technology

CGPA: 9.69 / 10

**High School Diploma - Computer Science**

2013-2017

St. Columba's School, New Delhi
